Property Overview

Rare modern warehouse/office building in San Luis Obispo, offering exceptional flexibility for either multi-tenant investment or owner-occupancy, in a popular modern commercial development. Built in 2004 of metal construction, this contemporary facility is currently divided into four suites. One Class A office suite is secured under a long-term lease, while the remaining space presents an outstanding opportunity for an owner-user seeking an ideal balance of office and warehouse functionality. Up to 9,367 SF is available, with flexible configurations including:

- 6,660 SF warehouse + 2,707 SF office, single user
- 3,570 SF warehouse + 5,797 SF office, single user

Lease the three remaining suites in current configuration with high construction costs and lack of available land, warehouse/office combo properties of this quality have become increasingly scarce in the San Luis Obispo market, making this a truly rare offering.

» Sale Price: \$3,949,000 (\$299.53/SF)
